

Can I get digital services on all TVs in my home?

Last Modified on 06/18/2021 4:36 pm EDT

Yes. Our channel lineup is in a 100% all-digital format and we require a Converter, TiVo, Digital Transport Adaptor (DTA), or CableCARD connected to each TV in your home to view programming. Please let our Customer Service Representative know how many TVs require connections. Additional equipment rental charges may apply per TV.
