

# Can I still view programming in the clear if I have a QAM Tuner TV?

Last Modified on 07/28/2021 10:26 am EDT

No, as of February 24, 2015, you must have either a converter, TiVo, Digital Transport Adaptor (DTA), or CableCARD connected to each of the QAM Tuner TVs in your home in order to continue to view programming.
