

What if I don't have a username and password with Service Electric Cablevision?

Last Modified on 11/26/2024 12:25 pm EST

A username & password are required to verify your TV Everywhere account status. You can register for your TVE account on our [TVE page](#) by clicking the "Register" link. The account creation process will require your SECV account number and billing zip code so you might want to have a recent bill handy.
