What if I don't have a username and password with Service Electric Cablevision?

Last Modified on 03/11/2017 1:08 pm EST

A username & password are required to verify your TV Everywhere account status. Visit www.secv.com and select the "TV" link at the top of the page. Click the "Watch Now" link to go to the TVE page. Click the "Register for TVE" link a the top of this page. The account creation process will require your SECV account number and billing zip code so you might want to have a recent bill handy.
