

What happens if I decide not to take action after receiving my notification?

Last Modified on 06/18/2021 4:01 pm EDT

Once you reach 100% of your monthly data plan you will be billed for additional data usage. Additional increments of 50GB for \$10 will be applied to your account. The 50GB remains available for the rest of the current calendar month. You may receive additional email notifications if you exceed 75%, 90% and 100% for each additional allocation.

Visit the [Usage Meter](#) to monitor your monthly data usage.
