

Why do my Internet rates increase?

Last Modified on 06/16/2021 4:54 pm EDT

The amount of bandwidth usage per household continues to increase as customers expand their viewing to alternate devices such as tablets, smartphones, connected devices, etc. The cost to maintain and grow our network to meet this demand increases with it. It is a critical investment to allow us to continue to bring you the fastest, most reliable service you deserve.
