

How do I set up my Voicemail?

Last Modified on 11/26/2024 11:50 am EST

1. Lift the receiver and listen for the dial tone.
 2. Enter the voicemail access code *84 from your home phone.
 3. When prompted, enter the default voicemail PIN of 1234 and press #.
 4. The system will prompt you to change your voicemail PIN.
 5. Enter your new voicemail PIN and press #. The PIN must be four (4) digits.
 6. Once your PIN has been changed, you are taken to the main menu.
