

How do I access my voicemail from my home phone?

Last Modified on 12/15/2017 4:41 pm EST

1. Press *84 from your home phone.

2. The system will play the message “*Please enter your PIN followed by the pound key (#)*”.

3. Enter your PIN then press the pound key (#).

- Your PIN is initially set as 1234. You are prompted to change the PIN during the mailbox initialization process.

4. You hear the mailbox message summary.
