

How do I access my voicemail from my home phone?

Last Modified on 11/26/2024 11:50 am EST

1. Press *84 from your home phone.
 2. The system will play the message *"Please enter your PIN followed by the pound key (#)"*.
 3. Enter your PIN then press the pound key (#).
 - Your PIN is initially set as 1234. You are prompted to change the PIN during the mailbox initialization process.
 4. You hear the mailbox message summary.
-
