

# Can I use my answering machine instead of the SECV voicemail?

Last Modified on 04/15/2018 4:01 pm EDT

Yes, you can use your answering machine instead of the SECV voicemail. To do this log into the SECV user portal [secv.user.alianza.com](https://secv.user.alianza.com). In the call handling section change the No Answer selection from send to voicemail to ring forever.
