If you are a customer in Hazleton and Sunbury systems and registered for TV Everywhere from SECV (its free [www.secv.com/tve](http://www.secv.com/tve)) you will be able to stream Pittsburgh Pirates games through the AT&T SportsNet mobile apps (iOS & Android only) and web platform when located in the same region. Currently you have to be within your geographic footprint in order to stream the programming. Pittsburgh Penguins games are not yet available for TV Everywhere streaming.
