

What is TiVo Streaming TV?

Last Modified on 11/26/2024 3:19 pm EST

When you watch shows from apps like Netflix and from SECV On Demand, you're streaming the shows from that source. You can also stream recordings saved on your TiVo DVR to your mobile device while in your home, or stream shows and live TV from a supported TiVo DVR to a TiVo DVR or TiVO mini in a different room.
