

What is My Shows?

Last Modified on 11/26/2024 3:21 pm EST

The My Shows list contains all of your recordings, plus links to your streaming videos from SECV On Demand or apps like Netflix. (On a TiVo Mini, recordings are stored on your host DVR). To get to the My Shows list from your Home screen, just press the TiVo button or select My Shows. To get to My Shows from any other menu screen or from live TV, just press the TiVO button twice.
