

# How do I access Quickview?

Last Modified on 11/26/2024 3:32 pm EST

QuickView panels appear over the video you're watching, with just a click of your remote control

- UP shows you what's coming up on live TV with a condensed guide. To close this panel, press Back.
- DOWN displays the SmartBar, with quick access to the shows you watch regularly, based on the current time and day of the week.
- LEFT brings up your favorite channels. You can set your favorites by selecting the Menu icon from the Home screen and then choosing Select/Channel Settings.
- RIGHT shows you what is playing on other tuners.

In each panel, use the UP/DOWN or LEFT/RIGHT buttons to move around. Press OK to switch to a channel, tuner, or show that's airing, or to set up a recording.
