There are many benefits to the Rovi DTA Guide.

Program Information: The Rovi DTA Guide lists synopsis, ratings, start and end times, cast info and more for most programs. The current program can be viewed in the upper right-hand corner of the screen while you are browsing.

User-Friendly TV Listings Grid: The Rovi DTA Guide contains up to 24 hours of continuous programming within an easy-to-read full-screen grid. The guide displays up to a 90-minute view at a time, with color-coding to easily discern program type.

Parental Controls & Settings: Parental controls are embedded throughout the guide, allowing access to restrict viewing by channel and/or rating. The guide also supports multiple languages - including English and Spanish - for display text and audio.
