

What are the requirements to add TiVo Stream to my account?

Last Modified on 02/25/2025 9:36 am EST

TiVo Stream requires TV service, a DOCSIS 3.1 cable modem with a minimum of 24 x 8 channel bonding, a wireless AC or newer router/mesh system, or an Optical Network Unit (ONU). Additionally, your Internet should have a minimum download speed of 250M.
